Date: Sept, 2011

Dear Valued AlarmNet Central Station,

We are preparing for an upcoming release of our new Commercial Fire GSM service. This new service will work in conjunction with Honeywell's IPGSM-DP Commercial Fire Communicator.

Honeywell's IPGSM-DP Fire Communicator, currently pending release, will add versatility and flexibility to commercial fire applications.

- IP and GSM communication with 24 hr supervision
 - AlarmNet UL864 Commercial Fire service
- **GSM only communication with 5 minute supervision**
 - **New AlarmNet UL864 Commercial Wireless Fire service**
- IP only communication with 5 minute supervision
- Works with virtually any fire alarm control panel
 - Contact ID reporting using dialer capture

AlarmNet's new Commercial Fire GSM service combined with the IPGSM-DP Commercial Fire Communicator meets the strict requirements of NFPA72/UL864 for commercial fire communication.

Please feel free to contact AlarmNet administration 800-222-6525 option 3 with any questions or concerns. Thank you for your business..

Sincerely,

The AlarmNet Team
